## Feedback Analysis:

## Descriptive feedback:

1. I am preparing for GRE in this semester. Hence, I am looking forward to many such activities with 'reduced scope' (eg. English and Math only) if possible. I would suggest many more such 'time-based' pda activities regularly (Saturdays preferably).

# Quiz Contest on ELQ

2. Enverything is alright !!
3. nope, its good as it is.
4. It is very useful and beneficial for us.
5. I think the time must be minimised because today's test proved very tiring for me but at the same time made me realised my shortcomings. A short test for about 1 hr 30 minutes including all the topics and on Saturday and Sunday will do good. Anyways kudos to the excellent work team!!
6. No changes, excellently organized The quality was way better than i had expected... keep it up in future too...
7. questions that have articles attachd to them are helpful. helps learn while giving the test. 3 hours of expanding knowledge. helps the people who maynot have enough knowledge not give up in the middle of the test.

## Descriptive Feedback:

1. Could have added more questions about manga/light novels as well. Overall wonderfully designed quiz. As a long-time anime watcher, it felt good to see names like "bungou stray dogs, cyberpunk edgerunners " mentioned in the quiz and not just mainstream anime.
2. Difficulty level can be scaled by adding questions about such underrated, non-mainstream anime such as monogatari, cowboy bebop, banana fish etc.
3. The most wonderful quiz for bringing back all of my anime memories.
4. Unexpected but fun to attend this Quiz further expect more such randomness

# Mock Interview – Internship and Placement Preparation

For Third Year and Second Year

Students of IT Department

On 9<sup>th</sup> March 2024

**Organised by**

**Professional Development Activity Committee  
Society for Computer Technology and Research's  
Pune Institute of Computer Technology  
Sr. No. 27, Pune-Satara Road, Dhankawadi,  
Pune, Maharashtra 411043. ([www.pict.edu](http://www.pict.edu))**

# **A Mock Interview – ‘Internship and Placement Preparation’ for TE-IT & SE-IT students organized by Professional Development Committee, Department of Information Technology, Pune Institute of Computer Technology, Pune.**

**To:** Third year and Second year students of Department of Information Technology, Pune Institute of Computer Technology, Pune

**From:** PDA core Team

## **Faculty:**

1. Mr. Sachin Pande
2. Mrs. Amruta Patil
3. Mr. Vinit Tribhuvan

## **Students:**

1. Hemal Rajput
2. Gayatri Bhangle
3. Linisha Thakor
4. Samrudhi Pustole

**Venue:** Pict college

**Fees:** No fees for attendees

**Number of participants:** 50+

**Organized by: Mr. Sachin Pande, Head – Professional Development Committee,**

Mr. Vinit Tribhuvan, Member of PDA

Mrs. Amruta Patil, Member of PDA

## Objective:

- Expose students to the format, flow, and typical questions asked in IT placement interviews.
- Provide constructive feedback on technical knowledge, communication skills, and overall presentation to allow students to address weaknesses before their actual interviews.
- Allow students to practice their interviewing skills in a safe and supportive environment, reducing anxiety and increasing confidence for real interviews.
- Help students improve their verbal and non-verbal communication skills, including clarity, conciseness, body language, and professionalism.
- By providing interview practice and feedback, students are better prepared to showcase their skills and qualifications to potential employers.
- Mock interviews can reveal areas where students may have misconceptions about the expectations and demands of IT job interviews. This allows them to adjust their preparation and address any gaps in their knowledge or skills before their actual interviews.

## Execution:

A Mock Interview session was organized with the motive of analysing the strengths and weaknesses of the students with respect to the preparation of placements, was held on March 9<sup>th</sup> 2024(Saturday) from 9:00 am to 1:30pm.

## **Outcomes:**

- Students demonstrate clearer, more concise communication with improved body language and professionalism.
- Students showcase greater confidence and accuracy when answering technical questions relevant to their field.
- Familiarity with the interview process leads to reduced anxiety and improved overall interview performance.
- As a whole, the program can contribute to an increase in the number of students successfully obtaining IT positions after graduation.
- Well-prepared graduates entering the workforce can contribute to a stronger and more skilled IT talent pool.

## **Impact analysis:**

- Increased student confidence and interview skills.
- Improved communication and technical knowledge for placements.
- Higher placement success rates for graduates.
- Enhanced career readiness for the IT industry.

# Feedback Analysis:

## Feedback from Interviewers:

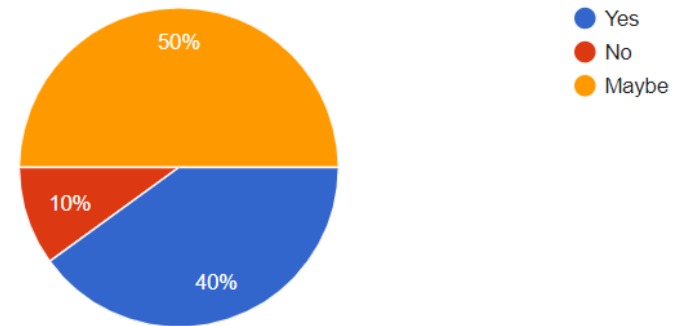

Did the student demonstrate critical thinking and problem-solving skills?

20 responses

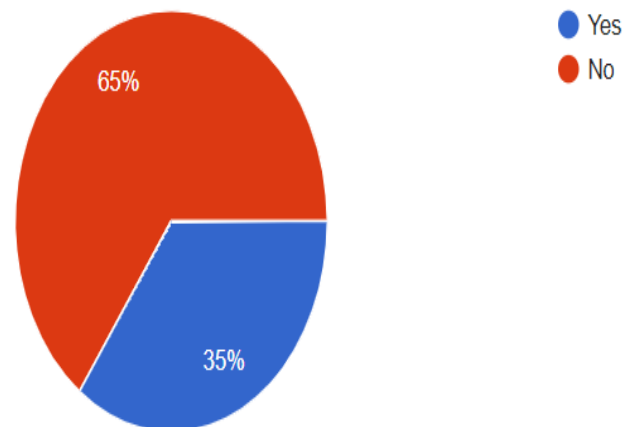

Do you think the student is ready for the industrial interviews?

20 responses

Were there any language or pronunciation issues?

20 responses

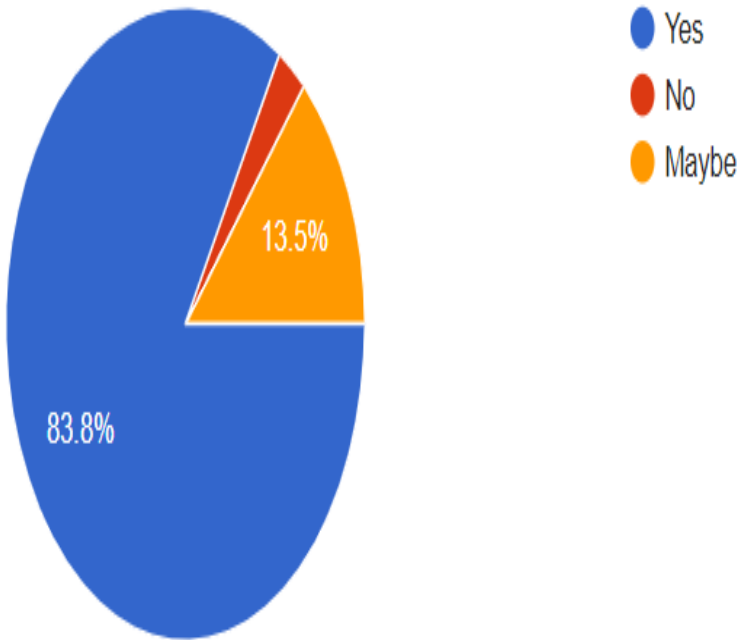

## Descriptive Feedback:

1. Need to work on communication skills, technical fundamentals.Need of more confidence during interview.
2. Student was good in the interview.More focus on fundamentals.Improve presentation skills.
3. Communication skills.DSA,OOPs fundamentals.Presentation skills.Project explanation is not prepared .Logical puzzles.
4. communication & confidence, data structure, database, frontend ,backend and core subjects
5. Learning more widely used technologies and doing more development. Technical projects and developments skills were a bit lacking. He wants to go for data science role, but no projects in that domain. Web project was basic with only HTML, CSS and JS. Most interviewers would not know a lot about AR, VR project. Good knowledge about software development lifecycle and general answers were good.
6. He has good experience in software as well as in event handling. One thing he can improve is introduction part, instead of telling only about education he should tell a bit about himself, his interests and things which are not already in resume.
7. Good communication and interactions skills, know a lot about software development. One advice for him is to calm down, think a bit about the question and then answer it. Directly starting answer and making it along the way gives a bit discontinuous dialogue and fumbles. Rest everything was very good for an HR round.
8. If you are shifting tech stack to web make sure you learn theoretical basics js react and backend also.
9. Give examples for dsa oops and dbms as well to ace for dream. Read puzzles as well from gfg.

*Feedback from TE Students:*

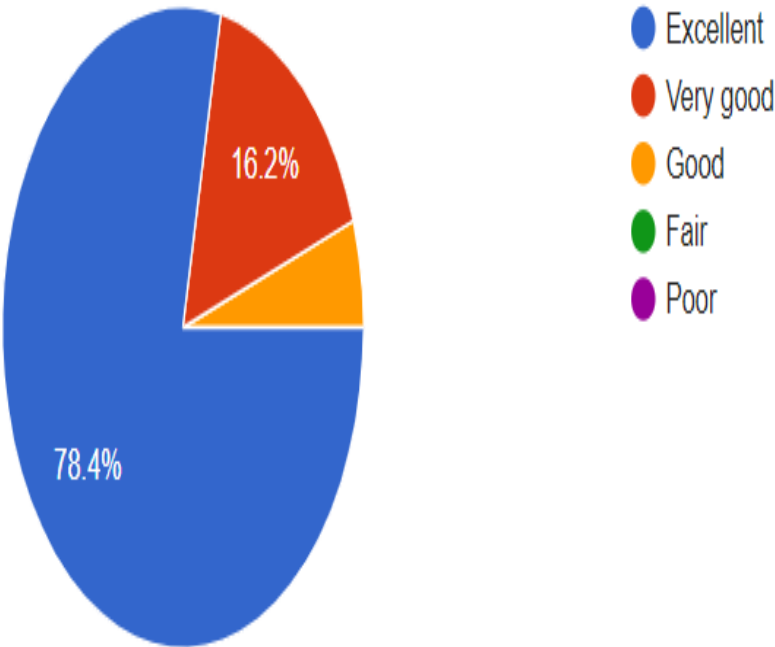

Did you effectively convey your thoughts and ideas?

37 responses

How was Interviewer's approach towards the process?

37 responses

## Descriptive Feedback:

1. I would like to thank seniors and pande sir for arranging this activity. I got know about my preparation and now I am feeling pretty confident about myself that I can do it.Thank you.
2. Arrange more sessions so students will comfort at the time of interview and also arrange Group discussion.👍
3. best activity , please take more of such activities
4. Really nice. Got a really good feedback and learnings.
5. I value the constructive feedback received during the process, as it provides valuable insights into areas of strength and areas that require improvement.
6. I am grateful for the chance to participate in this process, as it has contributed to my personal and professional growth
7. -I hope just activities will be conducted again in future (2-3 months) to tell whether we are improved from the current position

THANK

YOU

1. It was great getting appreciated for the work that we did in college. I was not able to attend the ceremony as I am one of the member in organizing committee of today's BE Photoshoot and my other co-heads left early due to their own plans. But those who got certificates were really happy and had a sense of gratefulness that the college is appreciating their co-curricular and extra-curricular activities.
2. Good initiative motivates students to perform well not only academically but also in extracurricular activities
3. Wonderful initiative to encourage students to perform better.
4. Good motivation given to student by felicitating them and providing certificates
5. Felicitatation ceremony conducted by PDA was a good initiative to recognise students excelling in various fields. This will encourage juniors to work more harder.
6. I would like to commend the organizers of the PDA award-giving ceremony for their meticulous consideration of the criteria for each award category. It was evident that careful thought and deliberation went into the evaluation process, resulting in well-deserved recognition for the recipients. The transparency and fairness of the evaluation process were apparent. Kudos to the team. This was the first time hence PDA hadn't any pre experience. From next time I would recommend to start the evaluation process earlier to make it more hustle free and smooth. Thanks to Sachin Pande sir for taking this initiative and awarding us. Because of you we have got this experience of recognition. More power to you!
7. Event was great and very thankful for it department to arrange it.
8. Thank you so much for this activity, it will motivate all my juniors to do a great work.
9. This was a great initiative by PDA to boost morale of the students
10. Event was fun. However if allowed dance, it would've been amazing
11. Nice to see students being appreciated for their work
12. Very well arranged and managed, and nicely presented. Thank you
13. Nice to get recognition from the department.
14. It was a really nice step to acknowledge students hard work.
15. Great Initiative by the PDA IT department.
16. It was a fun way to cap off our engineering journey!
17. It was a great initiative from PDA. Thank you Sachin Sir and other staff for organising this programme for us.
18. It was great !!
19. Good initiative and quite surprising for me :)
20. The activity is really good.

## Descriptive Feedback

1. Thank you so much sir giving me opportunity to work with them. It was amazing experience to work with the team. I feel confident and determined about how to communicate with my peers. Keep conducting such activities those are literally very beneficial for students. And Thanks once again to sir.
2. I think this initiative by IT department is really good as students gets appreciation of what they did as part of their journey and this also encourage us to do better onwards. I got appreciated to participate in hackathon and thank you so much for encouraging me to do better. I will ensure to do better and improve myself .
3. It was great initiative to motivate and encourage hardworking and skilled students to do better.
4. Nice experience, gave a boost of energy to quit procrastination, and start working.
5. It was fun and interesting, as everyone is working hard in different parts/fields and it is motivating to get recognized and rewarded for your efforts.
6. Good initiative by PDA in recognizing the importance of activities other than academics for the overall development of students.
7. Event was great and very thankful for IT department to arrange it.
8. It was a very good initiative taken by PDA committee . It also encouraged me to work more and i was good to see my class mates and friends being felicitated

### *Felicitation Ceremony of Notable Outgoing Students*

9. It was really good; I appreciated the effort that went into it, and it made a significant impact on my overall satisfaction.
10. Good insight on how exams will be conducted and best appreciation to the winners.
11. Such a nice session, got such a great appreciation, it means a lot, grateful to Pande Sir.
12. It was really great that we got appreciated for our efforts done in the extra-curricular as representative of PICT.
13. It was a great ceremony every department should conduct it. It encourages students to perform better in various aspects and also help them to grow socially.
14. A much-needed appreciation to those who have achieved so much outside of the classroom. What could be done better is that the winners could be contacted beforehand so that all the certificates are distributed instead of assuming and hoping that they'll be there.
15. The felicitation ceremony was a well-organized and inspiring event, effectively recognizing achievements in technical education and motivating students towards further excellence. Overall event and experience was good.
16. The idea to felicitate the students was worth it. It motivated students to do such valuable contribution in various domains.
17. It is great initiative towards recognising a good work of student. It should be conducted every year so all will prepare well.
18. The arrangement of the felicitation ceremony was at best.
19. It was a nice event to recognise everyone's hardwork
20. It was a new and innovative way to encourage students to perform better in life. Thank you for that!!
